

Summer 2024 — PAGE Internship Application

** 1,000 words maximum for Questions 1-4 combined **

1. Explain your reasons for choosing to apply for this particular Internship. Why do you want to work with PAGE and serve girls and young women of Appalachia?
2. Describe any background, experiences, or knowledge that could enhance your ability to contribute to the PAGE non-profit in a meaningful way.
3. Discuss any interest(s) you have in particular leadership opportunities with PAGE 2024. (Note: Feel free to express your interest in *more than one* role!)
 - ❖ Helping Appalachian girls tell stories, express themselves creatively, and collaborate on a handmade & digital PAGE magazine project
 - ❖ Helping PAGE girls engage in creative ways with STEAM/science and arts (E.g., in PageLabs involving ecology, plant science or natural history)
 - ❖ Helping adolescent girls connect with literature and reading by leading small book groups
 - ❖ Still Need: Helping rural high school girls create new pathways to college
 - ❖ Still Need: Serving as a Documentary Intern — this specific role would work closely with our Communications Specialist to document the on-the-ground experiences of our Summer Program - must have prior experience with photography, videography, or social media marketing
4. Describe any ways in which serving as a PAGE Intern might be of relevance to your academic studies and/or post-graduation goals.
5. Attach a copy of your current resume that includes the email/phone contact information for *two* references.

Application deadline:

Open Until Filled. As of February 27th, we're seeking 2-3 interns

Applicants should email applications to: maia.surdam@pageprograms.com
